10 Year Limited Warranty

Element Ergo, LLC products are engineered to provide many years of use under normal conditions when cared for properly. Warrantied products include parts and freight for replacement parts. In the event Element requires a defective part be sent back, freight will be coordinated and paid by Element.

Element seating products are warrantied for use of a single 8 hour shift, 5 days a week, at a maximum of 275-300 pounds according to chair series rating.

Element task chairs include a 10 year warranty on the pneumatic cylinder, 5 years on chair plastic and metal components and foam components, and 2 years on upholstery.

Element guest seating includes a 5 year warranty on the metal frame, 3 years on plastic components and foam components, and 2 years on upholstery.

Element Titan electric bases include a 10 year warranty on the steel frame, tubes and welded metal components. 5 years on electrical components.

Element Connex Beam, monitor arms, and ergonomic accessories include a 10 year warranty on the steel frame and welded metal components. 5 years on plastic parts and components.

Element Flexus series includes a 10 year warranty on the steel frame and welded metal components. 5 years on plastic parts and components. 2 years on electric motors and pneumatics.

Element conference and training tables include a 10 year warranty on the frame, tubes, and welded metal components, 5 years on plastic parts and components.

Element laminate casegood products and worksurfaces are warrantied for 10 years for manufacturing defects under normal use.

Element Studio Pods are warrantied for 10 years for structural and 2 years for electrical components and upholstery.

WARRANTIES EXCLUDE THE FOLLOWING:

Any product repaired or altered by the customer.

Any variation of color in fabric or vinyl.

Any incidental damage resulting in neglect.

Any normal wear and tear. The warranty is a protection from defects only.

Element does not provide reimbursement for labor costs incurred to perform warranty replacement work.

Exceptions: Any exceptions to this policy must be documented and approved in writing by Element prior to the commencement of the associated work.

WARRANTIES ARE NOT TRANSFERABLE AND START FROM THE ORIGINAL DATE OF PURCHASE.

PTRAIN**60**- **DZ3** - **BK**
Top Size  Power Unit Color
Of Tables Per Run

Kit includes: desktop power module, power infeed, control box, and jumpers to daisy chain power from table to table. *The connection type is a three-prong wall plug.*

Power Connection

System consists of a DeanZ table top power bay and is connected by cords (60"W) or jumpers (72"W) and infeeds that connect to the building power via a standard plug in. The modularity of this system allows for tables to be daisy chained.

Power Plug

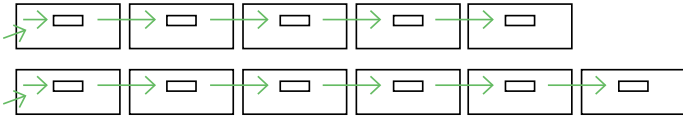

Individual DeanZ infeeds will have/are:

- Directional, cannot be back fed
- Non-sequential
- Visual indicator or system status

Byrne Power

Power/Data configuration
(2) Power, (1) USB A+C (20 amp), (1) Open
Base infeed power with standard straight plugin
Modular power solution using 'Pattern' power system
Cord Management included
6' Power cord included
Size: 7-7/8" 4-7/8"
* 4-5 week lead time

- Available in:
- BK- Matte Black
 - WH- Matte White
 - ST- Matte Storm

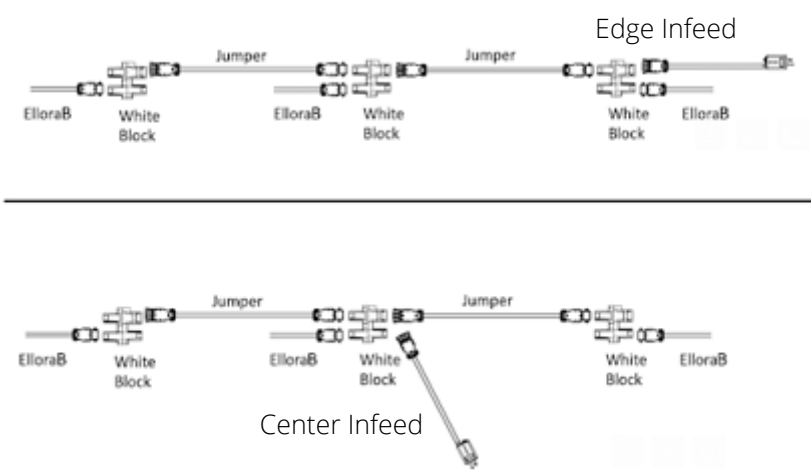

LIST		
PELB1: Byrne Power System, (1) ElloraB Power Bay	PELB1-XX-G	\$742
PELB2-JA: Byrne Modular Power System, (2) ElloraB Power Bays, 60" Jumper	PELB2-JA-XX-G	\$1,865
PELB2-JB: Byrne Modular Power System, (2) ElloraB Power Bays, 84" Jumper	PELB2-JB-XX-G	\$1,921
PELB3-JA: Byrne Modular Power System, (3) ElloraB Power Bays, (2) 60" Jumpers	PELB3-JA-XX-G	\$2,775
PELB3-JB: Byrne Modular Power System, (3) ElloraB Power Bays, (2) 84" Jumpers	PELB3-JB-XX-G	\$2,831

Power Connection

System consists of an ElloraB table top power bay and is connected by jumpers and connection blocks that connect to the building power via a standard plug in. The modularity of this system allows for variation of power connection points (center infeed or edge/end infeed applications).

Power Plug
Individual ElloraB units will have a standard straight plug (with/out circuit breaker)
ElloraB unit connected together in linked applications will have the standard straight plug (with circuit breaker)

Conference Tables

Byrne Power Options

Power bay will be centered in conference table top.
